Fire Levy

The Falls City administration is very happy that the community has continued to support the Fire Department's mission in keeping Falls City residents safe during emergencies. Though there is always the chance that a levy may not pass, Falls City and its Fire Department have made sure to maintain the highest level of fiscal responsibility to its constituents and to keep them apprised on how their tax dollars are being spent. In return, the residents have voted to continue supporting this vital community service.

As far as how old equipment is replaced and new equipment is purchased, the Falls City Fire Department follows industry standards for replacement and purchase of all life-saving equipment to ensure that its volunteer crew is equipped with the necessary tools to carry out their mission. The Falls City Fire Department Volunteers work diligently all year in applying and obtaining grants that help support equipment purchases, training, and make our levy funds go as far as possible. We want our community to know that we sincerely appreciate their continued support and will use these funds wisely and responsibly.
