Aug 2025

Resource Center IS OPEN!

The Resource Center building on the Mill Lot on the corner of Bridge St. and Parry has a lot going on! Stop by and explore all this center has to offer each day throughout the month.

They will be open Monday - Friday from 8 am to Noon and 1 to 5 p.m. Closed for lunch.

Safe Routes To School Project

Construction will take place from July to October

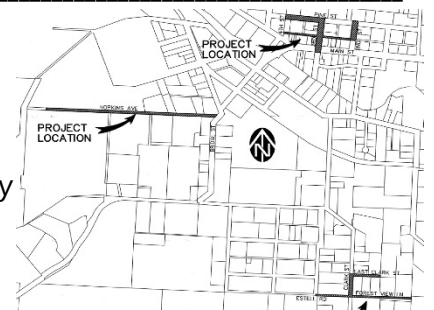

North Santiam Paving has begun work on the pedestrian island and curb improvement work at Bridge/ N. Main/ Mitchell Streets. The work will then proceed up Mitchell, then to 5th St., finally to Prospect. The whole project should be less than 120 days. Besides the Pedestrian Island and curb improvements, the rest of the work will be a 5-foot widening of 5th and Prospects streets for a pedestrian path with striping.

Waterline Replacement Project

Construction will take place from August thru September

This project will include new water lines on Hopkins Avenue, portions of 2nd, 3rd, 4th Streets and on Pine Street, as well as the alley between Pine Street & N. Main Street, and including Estelle, Clark, East Clark, and Forest View Lane. The Contractor, Trench Line Excavation, assured the City that none of the roads will be fully closed, and residential access will be maintained throughout the construction.

Water Conservation

With the hotter months in front of us we need to conserve water. The City has been using over 450,000 gallons a day for the past few months. Please consider these water saving tips.

- Water lawns & gardens during the cooler early morning or evening to minimize evaporation.
- Refrain from washing cars or pressure washing sidewalks and driveways
