Fall Native Plant Sale

Welcome in the fall season with native plants, cider and donuts at the Polk Soil and Water Conservation District's annual sale! You can also go on a self-guided tour in the beautiful setting of the Delbert Hunter Arboretum.

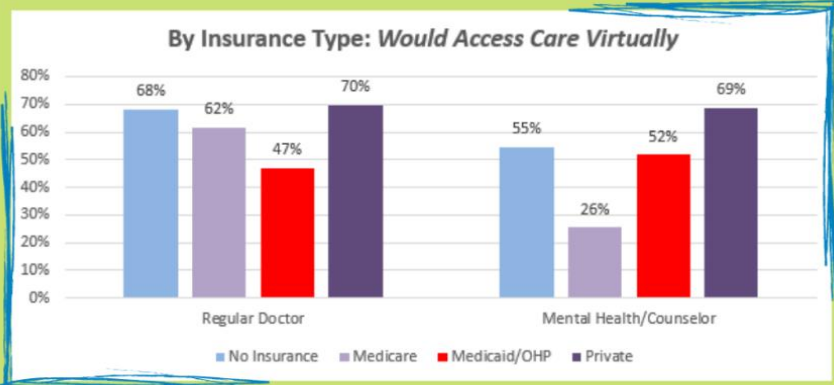

Polk SWCD is offering 40 varieties of bulbs, perennials and pollinator seed packets. Your purchase supports native habitat in your own backyard, and also oak woodland and prairie restoration at Polk SWCD's properties. These 275 acres preserve our natural landscape, attracting sensitive and native pollinators, birds and wildlife.

You can pre-order your plants now and pick up October 13th or 14th at the Delbert Hunter Arboretum. Plants have also been set aside for in-person purchase. Please help spread the word as we work to restore the native landscape in Polk County plant by plant. Find out more at polkswcd.com.
