AGENDA	ACTION	
Consent Agenda a) August 3, 2026 Minutes	It was moved by Council President Houghtaling to approve the Consent Agenda as presented. The motion was duly seconded by Councilor Meier and CARRIED with a vote of 4-0 with Councilors Meier, Scruton, and LJ Sickles, and Council President Houghtaling voting YES and Councilor Backus abstained.	
Reports from City Manager & Staff a) Pacific Power EV Grant	Mr. Foscoli advised the City had applied multiple times for the Pacific Power E-Mobility grant and this year the request was for \$50,000 with a \$5000 match. He noted that operating a gas truck is quite expensive with repairs and fuel and though the F150 Lightning wasn't as good for towing, it is cheaper than gas to operate. He reported that to maintain and repair and fuel the two public works trucks has cost the city about \$25,000 in the past 2 years. Mayor Bailey asked if one public works truck would be suplused. Mr. Foscoli noted that one would and possibly the Chevy Bolt as well. He mentioned they would keep one truck for towing the vac trailer. Mr. Teal advised the trailer weighed 6800 pounds empty and 12,000 pounds full. Mayor Bailey stated gas prices weren't going down anytime soon and an electric truck could help tremendously. It was moved by Councilor LJ Sickles to direct the City Manager to apply for, receive and administer the Pacific Power Electric Mobility (EV) Grant. The motion was duly seconded by Council President Houghtaling and carried with a vote of 5-0 with Councilors Meier, Scruton, D	

	Sickles, and LJ Sickles, and Council President Houghtaling voting YES. Councilor Meier asked about the charging station at old City Hall. Mr. Foscoli noted that he had a conversation with Blink and whoever buys city hall had the option to keep the chargers there or have them removed. He stated the chargers could be moved to the LCB or somewhere else in town.
